Education

University of Toronto — Toronto, ON
Honours Bachelor of Science in Mathematics — *2026 – 2030*
Coursework: Analysis, Algebra, Computer Science, Physics

Work Experience

Ski Lift Operator — Jan. 2024 – Mar. 2024
Camp Fortune — *Chelsea, QC*

- Ensured the safe usage of ski lifts by Camp Fortune customers by taking quick action to prevent accidents
- Reduced ski lift wait times by assisting customers with technical difficulties in a patient and friendly manner

Projects

Personal Website | *HTML, CSS, Javascript* — Jul. 2026 – Present

- Designed and developed a responsive multi-page personal website from scratch using HTML/CSS/JS
- Version-controlled the project with Git and GitHub and configured continuous deployment through Vercel

Awards & Honours

Canadian Mathematical Olympiad (CMO) Qualifier — Feb. 2026
Canadian Mathematical Society

- One of 95 students (1.8% of Canadian Open Mathematics Challenge contestants) who qualified from the COMC

American Invitational Mathematics Examination (AIME) Qualifier — Dec. 2026
Mathematical Association of America

- Qualified from a high score in the American Mathematics Competition (AMC 12)

Canadian Senior Mathematics Contest: Group III — Dec. 2025
University of Waterloo

- Scored in the top 0.6% of over 12,000 participating high school students across Canada

Extracurriculars

Program in Mathematics for Young Scientists (PROMYS) Attendee — Jun. 2025 – Aug. 2025
Boston University — *Boston, MA*

- One of 80 (5% of applicants) to be selected to attend an intensive summer mathematics program
- Worked with peers to complete daily number theory problem sets at the university level
- Attended minicourses by counsellors on topics such as circle-packing, p-adic numbers, and quartic reciprocity
- Researched and delivered a group presentation on number-theoretic properties of binomial coefficients

Exploring Mathematics and Computer Science (EMACS) Camp Attendee — May 2025
University of Waterloo — *Waterloo, ON*

- Selected to attend based on top scores on the 2025 Fermat Contest and the 2024 CSMC
- Participated in collaborative problem-solving sessions
- Attended mathematics and computer science lectures led by university faculty

Technical Skills

Languages: C++, Python, JavaScript, HTML/CSS, LaTeX
